CAPABILITY STATEMENT

Embracing Minds. Protecting All. Caring Tenderly.

Florida based woman owned small business | Community focused solutions | Responsive contract support

COMPANY OVERVIEW

E.M.P.A.C.T. Unity LLC is a Florida based woman owned small business providing dependable procurement, logistics, community support, food and meal support, supply fulfillment, and administrative support to public agencies, prime contractors, nonprofits, and community partners. We combine mission driven service with the operational discipline required to meet deadlines, follow instructions, communicate clearly, and deliver as promised.

CORE CAPABILITIES

- Procurement, product sourcing, resale and supply fulfillment
- Local logistics, delivery coordination and time sensitive distribution
- Food preparation, meal support and community distribution
- Care package assembly, outreach support and essential item distribution
- Administrative support, document management and project coordination
- Event support, community program support and short turn operational support
- Micro purchase, informal quote, eQuote and subcontract support

RELEVANT EXPERIENCE

Broward Come Up: Community Outreach, Broward County, Florida

Founder Junia Jean supported outreach serving individuals experiencing homelessness through hands on meal preparation and care package assembly and distribution. This work required dependable preparation, organization, supply handling, and respectful direct service to people experiencing hardship.

DIFFERENTIATORS

- Owner led accountability with direct communication and rapid decision making
- Professional trucking experience that strengthens scheduling, route awareness, documentation, safety, and deadline execution
- Community focused perspective with experience serving overlooked and vulnerable populations with dignity and respect
- Flexible small business execution for quick turn requirements, recurring support, and subcontracting partnerships

MISSION AND CONTRACTING APPROACH

Our mission is to create measurable impact by serving people and communities with compassion, integrity, reliability, and accountability. For government work, that means understanding the requirement, documenting the work, protecting the agency relationship, and completing the assignment accurately and on time.
